

# Andruss-Peskin Corporation

Manufacturer's Representative for leading suppliers of Sensors & Instrumentation. Providing Professional Sales Engineering Service in New England & Upstate New York since 1959

41 Westech Drive Tyngsboro, MA 01879  
Telephone: (508) 351-6200  
Fax: (508) 351-6207

## Manufacturers Represented

Signal Conditioners, Signal Isolators, Process Transmitters

Induction heating solutions for almost any application. Systems are available from 1 kW to 500 kW with various frequency options.

Flow Measurements & Control Solutions, Mechanical, Electronic & Calibration Services.

Digital Pressure & Vacuum Gauges, Pressure & Temperature Transmitters, Pressure Alarms & Switches.

Leading Innovation in Vibration testing, Condition Monitoring and Data Acquisition, Dynamic Signal Analyzers, Vibration Test Controllers, Machine Monitoring Devices.

Extrusion Pressure Transducers & Instrumentation, Plastics Melt Flow Indexers, Capillary Rheometers, Polymer Evaluation Products

Equitech's technology monitors and measures chemical concentration, color, turbidity & haze, and coating thickness.

Feed Screws, Barrels, Non-return Valves

Precision Dial Pressure Gages, Digital Pressure Indicators & Calibrators, Analog & Digital Pressure Transducers.

Machine Controls for Plastics Injection Molding, Blow Molding and Extrusion

Laser, Capacitive and Eddy-Current Non-Contact displacement Sensors, Infrared Temperature Sensors, Color Detection Sensors & Fiber Optic Technology, Draw-Wire and LVDT Displacement Sensors

Strain Gages & Installation Accessories, Strain Indicators & Strain Gage Signal Conditioners, Strain Gage Data Acquisition Systems, Photoelastic Full-Field Stress Analysis Equipment

Integrated Conditioning & Control Systems, Turnkey Acquisition Systems, Signal Conditioning Systems, Transient Recording Systems, Ruggedized Ethernet Data Acquisition Systems

Intelligent Monitoring & Control, Leader in Loop Powered Indication, Loop & Line Powered Explosion Proof Displays with Worldwide Approvals

Industrial RTD & Thermocouple Sensors, Transmitters, Thermowells, Custom O.E.M. Thermocouples & RTD Probes

Custom Strain Gage Installations, Strain Gage Field Work & DAQ, Custom Force, Torque & Load Sensors

Vibration test equipment, Environmental Test Chambers

Load Cells, Force Sensing Clevis Pins, Bolts, Studs & Tension Links

Strain gage based sensors, Load cells

Instrumentation for the measurement and analysis of sound & vibration
